ABOUT ME

Dedicated and detail-oriented Full Stack Developer with a Bachelor's Degree in Computer Science and Engineering and hands-on experience in building robust, scalable web applications using the MERN stack. Completed three end-to-end projects showcasing expertise in front-end and back-end development, API integration, and responsive UI design.

EDUCATION

Kathir College Of Engineering   **2019-2023**

Bachelor of Engineering (B.E.) in Computer Science and Engineering (CSE)

Completed academic projects on Analyzing Twitter Comments On Covid-19 Vaccination, demonstrating skills in system design ,data processing, and team collaboration.

SKILLS

Front-end Development	HTML5 ,CSS3 , Bootstrap, JavaScript, React.Js
Back-end Development	Node.js , Express.js ,RESTful API's
Databse Management	MongoDB, Mongoose, MySQL
Tools & Technologies	Git, Github, Netlify, Render, Authentication (JWT, OAuth2)
Soft Skills	Collaboration ,Teamwork ,Communication and Adaptability

PROJECTS

Project Management Tool :   **2024-NOV**

Developed a full-stack web application to streamline team collaboration and task management using the MERN stack (MongoDB, Express.js, React.js, Node.js). The tool provides features for creating and managing projects, tasks, and team members efficiently.

- Implemented Key Functionalities: Secured user authentication with JWT, streamlined task management (creation, tracking, reporting), and facilitated team collaboration with role-based features.
- Optimized Development: Designed responsive dashboards with React.js and Chart.js, created RESTful APIs using Node.js, and managed scalable MongoDB databases for seamless data handling.

GenZ Learning Platform :   **2025-JAN**

Designed and developed an engaging and user-friendly e-learning platform tailored for Gen Z users using HTML5 and CSS3. The platform offers interactive features and intuitive navigation to enhance the online learning experience.

- Created User-Centric Designs: Developed visually appealing, responsive layouts and structured course pages with intuitive navigation for lessons, assignments, and resources.
- Enhanced Interactivity: Ensured cross-browser compatibility, seamless performance on all devices, and added modern CSS animations for an engaging user experience.

CERTIFICATE

Zen Full Stack Developer Program:

Completed at GUVI Geeks Private Limited, gaining hands-on experience in building robust web applications using the MERN stack and mastering end-to-end development.
